Kathleen,

Here is the updated SOW for the San Jacinto USACE work. Please let me know if you have any questions on this.

Thanks,

Gary Miller

Thanks Marvene. This will help Gary with planning for additional work to be done under his WAF for San Jacinto and help me budget the funds remaining on the IAA.

Earl/Arnold/Wanda

For the San Jacinto River work assignment (DW96950490-010), the EPA records show the total billed as \$377.20.

Amount Funded:	\$19,000.00
----------------	-------------

Amount Billed:	\$ 377.20
----------------	-----------

Remaining Balance:	\$18,622.80
--------------------	-------------

Please confirm if the amounts are correct. Are there any monthly billings that have not yet been sent to EPA?

That's right. We need to know what has been expended under that WAF to determin if we need to add funding for the additional work Gary has planned. He is in the process of amending the SOW. Thanks.

Kathleen - Apparently the San Jacinto WAF issued in the amount of \$19,000 is not ready to be financially closed - per 14 Feb 2013 e-mail from Gary Miller (EPA Region 6) which states "expect additional work/billing".

When the project work is complete, the USACE amounts will be reconciled with the EPA accounting records.
